EDUCATION

Rutgers University

New Brunswick, NJ

Bachelor of Arts in Computer Science

September 2023 - May 2027

WORK & LEADERSHIP EXPERIENCE

Office of Information Technology

Piscataway, NJ

Office Assistant

September 2023 - Present

- Administered upkeep of campus computer infrastructure
- Provided technical support in the computer lab
- Addressed email and phone inquiries related to computer assistance

ACME Markets

Brigantine, NJ

Cashier

April 2022 - September 2023

- Efficiently operate cash registers, ensuring accurate transactions
- Provide friendly and responsive customer service

Projects

goharworld.org | *TypeScript, React, Chakra UI*

- Crafted an engaging portfolio website to showcase my design expertise and social media presence. The site, meticulously built with TypeScript, React, and Chakra UI, offers a contemporary and responsive user interface.
- The project demonstrates proficiency in TypeScript and React for front-end development, as well as skillful use of Chakra UI for designing modern and responsive user interfaces.

CryptoTrader | *Python, API, JSON*

- Developed a Python-based cryptocurrency trading simulator utilizing the CoinMarketCap API. This project facilitated real-time price tracking of cryptocurrencies (BTC and ETH), allowing user interaction for buying and selling.
- Managed balances and ensured data persistence using JSON storage. Demonstrated expertise in Python programming, API integration, JSON data handling, logical problem-solving, and code organization.

NBA Data Analyzer | *Python, NBA API, Pandas*

- Developed an NBA Data Analyzer in Python, seamlessly utilizing the NBA API and Pandas for efficient data processing.
- Enables dynamic exploration of player statistics based on user-inputted seasons and modes, with a specific focus on user-selected statistical categories. Demonstrates proficiency in Python programming, API integration, and Pandas for a user-friendly NBA data analysis experience.

SKILLS, ACTIVITIES & INTERESTS

Languages: Fluent in English; Conversational Proficiency in Pashto

Activities:

Coding Languages: C++, Java, Python, HTML5, JavaScript

Coding Frameworks: Flask, ReactJS,

Coding Tools: GIT, PIP, Slack

Backend: Firebase, AWS, mySQL
